Create Task (for Disbursement)

Disbursement Details → **Create Task**

Tasks List Tab > — Click "Create Task" → Default | For Review

Documentation

Create Task from Disbursement Details

- For disbursement tasks:
  - Status Change - Disbursed (Manual) can only be created if the Disbursement Status is "Pending Disbursement (Manual)".
  - Status Change - Refund Waived can only be created if the Disbursement Status is "Pending Refund".
- Hence, the Task Type will only show one available task at any one time (whichever is relevant based on Disbursement Status).
